Bible Verse of the Month:

"Fear not, for I am with you; be not dismayed, for I am your God; I will strengthen you, I will help you, I will uphold you with my righteous right hand." Isaiah 41:10

A letter from the President:

Dear Bradsher Custom Outdoor family and valued clients,

As we step into June, I want to take a moment to personally thank you for being part of the Bradsher Custom Outdoor family. Whether you've trusted us with your weekly lawn care or a full-scale backyard transformation, your support means everything.

June is one of our favorite months – not just because the grass is green and the grills are firing up, but because it's the start of possibility. The days are longer, the flowers brighter, and the opportunities to create beautiful outdoor spaces feel endless.

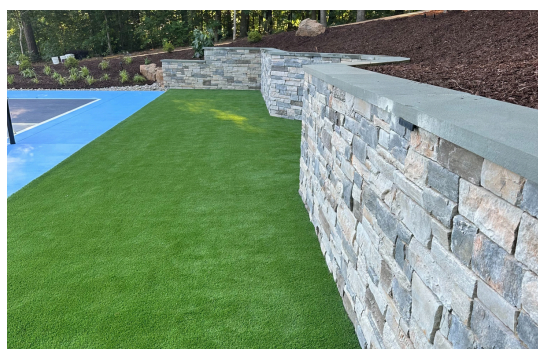

This season, we're seeing more and more homeowners and business owners turn their properties into true extensions of their lifestyle. If you've been thinking about upgrading your space, now's the time to plan. Summer moves fast, but we're here to make sure your yard is ready for every cookout, quiet morning, and evening unwind.

As always, we stand by our commitment to: Quality craftsmanship, honest communication, reliable service and designs that make your neighbors say, "Who did your yard?!"

On behalf of our entire team, thank you for letting us be a part of your outdoor journey. We look forward to helping you make the most of this summer – and every season after.

Warm Regards,

Stoney Bradsher

You've seen the headlines. You've heard the buzz. You may even played a match or sunk a putt last weekend. At Bradsher Custom Outdoor, we're building more custom courts and backyard putting greens than ever before. Why? Because outdoor spaces are no longer just for "looking nice" – they're for living better.

We custom-build pickleball courts that blend perfectly with your landscape – durable surfaces, pro level lines, and lighting if you want to play late (and win big).

Our putting greens are custom-designed for your space, from casual putting to pro-style challenges with multiple holes and breaks.

Let's combine curb appeal with court appeal. Or turn that unused corner of the yard into a golfer's paradise.

Keep plants watered

As temperatures rise in June, soil will dry out quickly (particularly in pots and containers), so its important to make sure that you're watering plants regularly

Prune early-flowering shrubs

Shrubs that flower in spring or early summer could benefit from some pruning this month to stimulate strong, health, new growth and encourage beautiful blooms next year.

JUNE LANDSCAPING TIPS

BCO Family Day

This month, we took a break from mulch, mowers, and master plans to celebrate what really matters — our Bradsher family.

Our first-ever Bradsher Family Day brought together our hardworking team and their loved ones for a fun-filled day of food, games, laughter, and connection. From backyard cornhole tournaments to burgers on the grill, it was a perfect reminder that behind every great project is a team of incredible people.

It's days like this that remind us: we don't just build outdoor spaces — we build community.

Big thanks to everyone who came out and made the day one to remember!

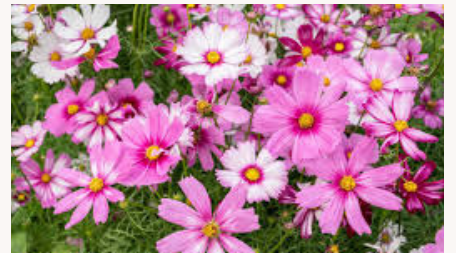

Whether it's fresh mulch, flawless mowing, or that dream patio, BCO is here to make your space work for you – beautifully, functionally, and creatively. Let's turn your yard into the best part of coming home.
